# Cont...

- Feed into Make UK's policy positions and influence our government engagement by contributing to surveys

Input from businesses across the manufacturing and engineering sector is vital to ensure accurate representation of and a strong message. Please do contribute your views when surveys are sent out.

## REGIONAL SNAPSHOT MAP

Difference in Business Confidence Indicator\*: compared with one year ago

KEY\*\*\*\*

- Small relative change in confidence
- Large relative change in confidence

\*Business Confidence Indicator: Manufacturer's confidence about their own business performance in the next twelve months.  
 \*\*Regional Outlook: 2019 data based on 2019 Q3 - 2019 Q2, Regional Outlook 2020 data based on 2019 Q3 - 2020 Q2.  
 \*\*\*Northern Ireland excluded from comparison due to missing data in the national and regional Outlooks.  
 \*\*\*\*White all regions

**99%** of manufacturers are openly trading

**OVER 45%** have seen orders fall between 26% and 50%

**77%** of firms have furloughed between 1% and 50% of their staff

**ALMOST 50%** have reported an increase in logistic costs

**MORE THAN 53%** plan to make redundancies in the next 6 months

**OVER 41%** expect it will take more than 12 months to return to normal trading conditions
